QUESTION PERIOD

Beach Supervision

Councillor Kirwan asked if it would be possible for beaches to be supervised until the end of labour day weekend.

The Director of Leisure Services responded that a large majority of employees are college and university students who return to school during that time and that there would also be additional costs associated with the additional supervision. He noted staff does have the flexibility to expand the season based on variables including weather.

Nature Trails

Councillor Kirwan asked what is going to be done with the \$162,000 set aside for nature trails.

The Director of Leisure Services responded that staff devised an inspection of the trails to be able to prioritize what should be done and noted they could bring a report back to the Community Services Committee.
