Beech Street Parking

As presented by Councillor Landry-Altmann,

CC2016-56 Landry-Altmann/Reynolds: WHEREAS, the Finance and Administration Committee, by way of Recommendation FA2015-63, as ratified by Council Resolution CC2015-403 removed the two hour free parking from the Beech Street Lot;

AND WHEREAS new information is now available regarding the history of the 2 hour free parking program and the impact to users of the Beech Street parking lot and downtown businesses;

THEREFORE BE IT RESOLVED that Recommendation FA2015-63 as ratified by Resolution CC2015-403 be reconsidered.

DEFEATED

CIVIC PETITIONS

Beech Street Parking

Councillor Landry-Altmann submitted a petition to the City Clerk signed by approximately 235 area residents which will be forwarded to the General Manager of Assets, Citizen and Leisure Services. The petition is requesting the two (2) free hours of parking be reinstated at the Beech Street parking lot.

QUESTION PERIOD

Municipal Road 4 Repair

Councillor Vagnini asked if a one (1) kilometre portion of Municipal Road 4 could be repaired immediately due to safety issues caused by the river's proximity to the road.

QUESTION PERIOD (cont'd)

Municipal Road 4 Repair (cont'd)

The General Manager of Infrastructure Services responded that a number of variables are considered when prioritizing road repairs and new information could change a project's priority. He stated he would refer to staff on the issue and get back to the Councillor later in the week.

Snow Bank Removal

Councillor Kirwan asked for an outline of the City's protocol for clearing snow banks and how it is decided which banks to remove. He asked if staff was able to make discretionary decisions regarding the removal of snow banks.

The General Manager of Infrastructure Services described the policy regarding snow removal for downtown areas of the community where snow banks are removed as necessary twice a calendar year to allow for commercial business activity. He added private owners or business owners are responsible to make sure they can safely access and egress their property. He stated that staff members follow Council approved policy regarding snowbank removal and that sightline issues and road width issues could fall within the policy framework and said he is open to discussing policy changes with councillors.

Snow Plowing

Councillor Lapierre asked how snow removal is approached when snowfall continues over an extended period of time.

The General Manager of Infrastructure Services responded that on average plows go through residential areas once every 24 hours depending on resources and whether accumulation is significant. Once accumulation exceeds a certain depth it will be cleared within 24 hours. Snow removal vehicles also do a final cleanup once the snow has ended.

Requested Report

Councillor Landry-Altmann requested a report come to Council which would include anomalies in parking policies, free parking, historical agreements offered within the city and the history behind them, as well as underground parking at Tom Davies Square and lost revenue.
