Background

Sections 357 and 358 of the Municipal Act provide the authority for the cancellation, reduction or refund of realty taxes.

Section 357

Section 357 authorizes the cancellation, reduction or refund of realty taxes in the current year for such reasons as change in rate of taxation, change in tax status, fire/demolition or gross error. Section 357 applications are verified by the Municipal Property Assessment Corporation and processed by the municipality.

Section 358

Section 358 of the Municipal Act authorizes the reduction of realty taxes for clerical errors such as errors in key punching, transposition of figures or mathematical calculations. Such errors occur with the preparation of the assessment roll and are confirmed by the Municipal Property Assessment Corporation prior to the tax adjustment by the municipality. Section 358 applications are limited to the two (2) taxation years prior to the year in which the error(s) was made.

The Treasurer's recommendations for the cancellation, reduction or refund of realty taxes under the Municipal Act are presented to Council for approval. Attached for Council's information and action is Schedule A, summarizing the tax adjustments by authority, reason and amount.

The Municipal Act provides for a notification/appeal process for property owners that have applied for a tax adjustment. Notices were sent to property owners on or before March 2, 2018 and all queries/concerns were addressed by the Tax Department and none of the applicants have requested an appearance before the Hearing Committee of Council.

Background

By-law 2016-18, requires Council be provided with semi-annual reports to notify of successful Healthy Community Initiative (HCI) Fund applications and provide a summary of funding allocations and balances for each ward to-date.

Appendix A – Healthy Community Initiative Fund 2017 Year-End Report, contains ward-specific statements detailing the allocation of HCI funds, donation revenues, specifics of expenditures and of unexpended commitments, and year-end totals for the period of January 1, 2017, to December 31, 2017.

The 2017 uncommitted HCI funds for each ward have been adjusted for any unspent funds from completed projects and carried forward as HCI capital funding in accordance with By-law 2016-18.

Next Steps

A 2018 semi-annual report of ward-specific HCI Fund financials will be presented for Council's information in the fall of 2018.

Background

At its meeting of April 23, 2013, the City of Greater Sudbury Council approved Operations Committee resolution OP2013-14, a resolution to outsource and join the Locates Alliance Consortium (LAC) to meet the newly legislated requirement for locate services.

Following authorization from Council to proceed with this initiative, staff began working to implement the recommendations to come into effect during the 2014 construction season. On July 9, 2013, Council also authorized staff to enter into an agreement with Qx Ltd., which was the locates service provider competitively acquired by LAC. The contract with Qx expired on January 31, 2015.

LAC issued a Request for Proposals in June 2014 and the successful bidder for the Northern Ontario Region was G-Tel Engineering. In accordance with the direction of Council to obtain an external locates provider, staff are preparing to work with the new service provider G-Tel Engineering to provide locate services for the City.

Despite the fact that we understand that LAC conducted a competitive purchasing process, staff are required to ensure that purchase of locates be compliant with the City's Purchasing By-law (By-law 2014-1). Unfortunately, while cooperative purchasing such as a purchase through LAC is contemplated by the Purchasing By-law, section 23 of the Purchasing By-law requires that the City only undertake cooperative purchasing where all members engaged in a cooperative acquisition are public sector, government agencies, or public authorities. Despite the fact that the services of Locate Service Provider (LSP), G-Tel Engineering, were competitively acquired, this is considered a single source purchase because LAC membership includes both public and private sector entities and therefore the cooperative purchasing provisions in the Purchasing By-law are not satisfied.

The contract with G-Tel to act as our LSP expired at the end of January 2018. As before, the LAC conducted a competitive purchasing process in the fall of 2017 to acquire a LSP. G-Tel was the successful bidder and a new contract for services of a LSP has been established by LAC.

Conclusion

G-Tel Engineering is the Locates Services Provider (LSP) for the Northern Ontario (ONE01) Region area as selected by the Locates Alliance Consortium (LAC). This report requests that Council delegate authority to the General Manager of Growth and Infrastructure to execute an agreement between the City and G-Tel Engineering for services purchased through LAC's purchasing process. This contract would commence the day of signature and end January 31, 2021 or at the expiry of any extension as provided for in the contract. This will continue to permit the City of Greater Sudbury to achieve more timely locates services for our community stakeholders during the upcoming

construction seasons in accordance with our obligations under the Ontario Underground Infrastructure Notification System Act (2012).
