Background

Stack Brewing Corp. is requesting (attached) a resolution from Council in support of their application for a "By the Glass" permit from the Alcohol and Gaming Commission of Ontario (AGCO).

The AGCO "By the Glass" permits allows Ontario wineries, breweries and distilleries to make an application for a Manufacturer's Liquor Licence to sell and serve their wine, beer and spirits to patrons for consumption in prescribed serving sizes at the manufacturing site. The sale and service of the wine, beer and spirits must be primarily aimed at promoting the manufacturer's product and either providing an enhanced tourist experience or fulfilling an educational purpose.

"By the Glass" licensing is designed to enhance the Ontario tourism experience and provide wineries, breweries and distilleries with an added tool that can be used to educate guests about their products in an interactive manner.

A Manufacturer's Limited Liquor Sales Licence allows for the sale of wine, beer or spirits to patrons between the hours of 11:00 a.m. and 9:00 p.m. on any day and these hours may not be extended. The quantities sold or served must not exceed 341ml (12 oz.) for beer, 142 ml (5oz.) for Ontario wine and 43 ml (1.5 oz.) for spirits.

The "By the Glass" application requires confirmation that a municipal resolution in support of the issuance of the license has been passed. As noted on the AGCO website, a municipal resolution is required to indicate community support of the "By the Glass" application since applicants are exempt from the public advertising process.

Should council approve the support of the "By the Glass" AGCO application from Stack Brewing Corp, a letter will be sent advising that the resolution was passed by City Council.

Contact – Shawn Mailloux (owner)

This is for approval from the Municipality of Sudbury in regards to my “by the glass” application to the AGCO. This allows Stack Brewing to provide a sample of beer no greater than 12 oz. We would like to serve 2 oz samples at tasting events at the brewery, which falls under this AGCO licence.

In order to issue a “by the glass” licence, written notice must be received from the Council of the municipality within which the applicant’s manufacturing site is located confirming that it has passed a resolution in support of the licence.

This will be for the location situated at:

947 Falconbridge Rd
Sudbury Ontario
P3A 5K8

Thank you
Shawn Mailloux
