Contact – Shawn Mailloux (owner)

This is for approval from the Municipality of Sudbury in regards to my “by the glass” application to the AGCO. This allows Stack Brewing to provide a sample of beer no greater than 12 oz. We would like to serve 2 oz samples at tasting events at the brewery, which falls under this AGCO licence.

In order to issue a “by the glass” licence, written notice must be received from the Council of the municipality within which the applicant’s manufacturing site is located confirming that it has passed a resolution in support of the licence.

This will be for the location situated at:

947 Falconbridge Rd
Sudbury Ontario
P3A 5K8

Thank you
Shawn Mailloux

Shawn Mailloux
President of Stack Brewing
